

Game Schedule Report

Clicking on [Schedule](#) on the Teamlink menu bar will access the Game Schedule Report.

This report shows the game schedule by season, division, category, and competition, and can be filtered further by group and/or team as well. The report defaults to showing the schedule in game date and game ID order but can be changed to sort in game ID only order. This report shows all aspects of the game, including game ID, group, home team name, visitor team name, date, location, start time, end time, status and any remarks entered.
