

## Management – Referees

Please note that all data used in the management section is used for reporting purposes amongst other important functions. Any accidental deletion of data should be promptly reported to the Web Master as records will lose its relationship with other records.

Please use delete 'sparingly'. Once the data has been used in a game, it will begin its complex network of relationships that ties all the game information together.

*To view/edit an entry*

Please scroll down the available list and select an entry.

*To enter new data*

Please click on 'new'

*To reset data to its original contents before saving*

Please click on 'reset'

*To save any changes*

Please click on 'save changes'
